VICTORIA

PHOTOGRAPHY & VIDEO RECORDING POLICY 2025

PURPOSE

To outline the restrictions and limitations on photography and videography in the State Fencing Centre, or at other facilities where Fencing Victoria is running events.

RECORDING DURING COMPETITIONS

Video recording is not permitted during competitions at any point during any event operated by Fencing Victoria. Photography is permitted, however, no trespass within the field of play is permitted during the competition. The field of play is demarcated by the barriers at the end of each piece.

Fencing Victoria may, from time to time, appoint official photographers to take photographs during competitions. These officials will be dressed in Fencing Victoria attire to clearly mark them. Official photographers will be permitted to stand within the field of play during events.

RECORDING DURING TRAINING

Video recording during training at the State Fencing Centre is permitted in limited circumstances. Any parties contained within the video recording must give express consent to be recorded. If any party is under the age of 18, consent must be obtained from their parent or guardian.

Recording is only permitted to take place on pistes 7, 8, and the coaching piste. Further, it may only take place where there is no potential for unintentionally capturing footage of those who have not consented to being recorded.

During State Squads run at the State Fencing Centre, recording is only permitted during the final 45 minutes of the squad.
